We are pleased to announce that Action Films LLC, Oman has signed an agreement with Destination Rising Company, to promote Oman as a film-friendly destination for international film productions.

Action Films LLC will produce a series of videos focusing on unique filming locations and promote Oman as a location-friendly destination for international film productions.

This project will also give exposure to young and emerging Omani talents in the film sector and social media field to showcase their creativity through talent competitions which we plan to launch as part of the campaign.

We request all sponsors to support this initiative in the national interest by way of sponsorship and make this project a grand success. (sponsorship package is attached).
